

Sign-on Process for ECBA Members at ECBA Website

(www.ECBA.coop)

MAKE SURE YOU'RE AN ECBA MEMBER

Access to the ECBA website is limited to ECBA members. If you are not a member, or if your membership has ended, you will not be able to access the whole website.

You can apply for membership using the membership application at https://ecba.cooperative.com/about/Documents/Membership_App.pdf

WHEN YOU KNOW YOUR USERNAME AND PASSWORD

If you know your username and password, just click on the Login button in the top right of the page and insert your username and password. You're ready to go.

WHEN YOU DON'T KNOW YOUR USERNAME AND/OR PASSWORD

If you don't know your username and/or password, go to the registration page.

<https://ecba.cooperative.com/apps/portal/public/registration>

Type in your email address.

If the system recognizes you, it will ask you if you want your username or password. When you click on either of these, the system will send the requested information to you via email and you can use it to login.

If the system doesn't recognize you, it will ask you to register. At that time, it will prompt you for a username and password. And, these will become the items you need to logon.

If you forget your username or password, it's easiest to go to the registration page (<https://ecba.cooperative.com/apps/portal/public/registration>) and follow through on the steps that appear there (and that are described above).
